This Data Privacy Policy ("Policy") has been developed to ensure our clergy as, office holders, other office holders and volunteers feel confident about the privacy and security of personal data and to meet our obligations under the Legislation. Under the Legislation, 'personal data' is information that identifies you as an individual or is capable of doing so

The Bishop and the Diocese as a 'data controller', must comply with the data protection principles set down in the Legislation and this Policy applies to all personal data collected, processed and stored by the Bishop or the Diocese in the course of their activities. The purpose of this Policy is to set out the procedures that are to be followed when dealing with personal data and to outline how the Diocese will collect and manage personal information in accordance with all relevant legislation and standards. The procedures set out herein must be followed at all times by the Bishop and the Diocese, its employees, agents, contractors, volunteers, office holders or other parties working on behalf of the Diocese.

This policy extends to all personal data whether stored in electronic or paper format. **The Bishop of Cork, Cloyne and Ross** has responsibility for the implementation of this Policy. This policy should be read in conjunction with the Diocese's policies on

3. WHAT IS DATA PROTECTION

Data Protection is the safeguarding of the privacy rights of individuals in relation to the processing of personal data, in both paper and electronic format. The Legislation sets out strict rules about the way in which personal data and sensitive personal data is collected, accessed, used and disclosed. The Legislation also permits individuals to access their personal data on request, and to have personal data amended if found to be incorrect.

The Legislation establishes seven core principles for compliance which require that the Bishop and the Diocese, as a data controller must:

1. Obtain and process personal data fairly, lawfully and in a transparent manner;
2. Collect the personal data only for one or more specified and legitimate purposes and not further processed in a manner that is incompatible with those purposes;
3. Keep the personal data adequate, relevant and limited to what is necessary in relation to the purposes for which they are processed;
4. Keep the personal data accurate and up-to-date;
5. Retain the personal data no longer than is necessary for the purpose for which the data is processed;
6. Process the data in a manner that is safe and secure;

The Bishop and the Diocese shall be responsible for and be able to demonstrate compliance with the above principles.

4. HOW DO THE BISHOP AND THE DIOCESE PROTECT PERSONAL INFORMATION ABOUT ME?

The Bishop and the Diocese will take all reasonable steps to ensure that appropriate security measures are in place to protect the confidentiality of both electronic and manual data. Security measures will be reviewed from time to time, having regard to the technology available, the cost and the risk of unauthorised access.

All data is kept securely in designated areas of the Diocesan Office, the Bishop's Office or the secure room in the Bishop's Palace to which only authorised personnel have access.

Computers and relevant computer files are password protected. It should be noted that data is also kept on laptop computers which are transported outside the confines of those offices for the purpose of facilitating the work of the Bishop or the Diocese. These are password protected and attended at all times. Only a limited number of authorised personnel have access to this information.

5. DOES THE BISHOP OR THE DIOCESE DISCLOSE INFORMATION ABOUT ME TO ANYONE ELSE?

Personal data may be disclosed internally within the Diocese in accordance with the data protection principles and this Policy. Under no circumstances will personal data be passed to any department or any individual within the Diocese that does not reasonably require access to that personal data with respect to the purpose(s) for which it was collected and is being processed. Sensitive and/or restricted employee information must have additional internal access restrictions as appropriate.

No data is disclosed to a third party, other than that required by the central administrative purposes of the Church, or when a reference is required from an officer of the Diocesan Council or from the Bishop arising from an activity of the data subject. All other disclosures will be made only with prior permission, or where there is a legal or statutory obligation to do so.

Whenever we disclose employee or volunteer or office holder information to third parties, we will only disclose that amount of such information necessary to meet the administrative or legal requirement. Third parties that receive employee or volunteer or office holder information from the Bishop or the Diocese must satisfy us as to the measures taken to protect the personal data such parties receive.

Appropriate measures will be taken to ensure that all such disclosures or transfers of employee or volunteer or office holder information to third parties will be completed in a secure manner and pursuant to contractual safeguards.

The Bishop or the Diocese may provide information, when legally required to do so and in response to properly made requests, for the purpose of the prevention and detection of crime, and the apprehension or prosecution of offenders. The Bishop or the Diocese may also provide information for the purpose of safeguarding national security. In the case of any such disclosure, the Diocese will do so only in accordance with the Legislation.

The Bishop or the Diocese may also provide information when required to do so by law, for example under a court order.

The Bishop or the Diocese may also transfer data to legal counsel where same is necessary for the defence of legal claims.
